Dear Colleagues and Friends,

We would like to cordially invite you to join us in MARSEILLE, France, for the 22nd WCBIP/WCBE from October 6th to 9th, 2022 (<https://www.WCBIP.org>).

Organized by the WABIP and IBES, our biennial international meeting is dedicated to Bronchology and Interventional Pulmonology and will offer high-caliber scientific programs with emphasis on new bronchoscopy techniques, technologies and hands-on procedure workshops in which you can meet and collaborate with colleagues from all around the world.

The pandemic has changed the format of conferences in general. And as we have seen in our most recent WCBIP, purely virtual events can be just as successful as traditional ones. The 22nd WCBIP shall be a “hybrid” event that will adopt this new format of meetings while accommodating those who can be on-site in beautiful Marseille, France.

In this congress, we will reinforce the importance of interventional pulmonology in this ever-changing world. Indeed globalization marks a break in physical space and a break in communication times that permeate our daily lives and medical practices. We will maximize communication technologies to offer equal education regardless of attendees’ places of participation. This presents a great opportunity for our 10,000 worldwide WABIP members to get all the latest information regarding advances in technologies, education, and research in the field of lung airway and pleural disorders through our numerous didactic lectures, interactive sessions, and expert panel discussions.

We warmly welcome you in Marseille in October 2022 for this exciting event to share scientific expertise, but also to meet friends and enjoy the gentle and sincere hospitality of the people by the Mediterranean Sea.

Hideo Saka

Chair WABIP

Chairman
Department of Respiratory Medicine,
Matsunami General Hospital
Gifu, Japan.

Philippe Astoul

President, WCBIP Marseille

INTRODUCTION

WCBIP-WCBE 2022

*Joint meeting of the World Association for Bronchology and Interventional Pulmonology (WABIP)
& the International Bronchoesophagological Society (IBES)*

Interventional pulmonology in a globalized world

Welcome to Marseille!

WCBIP-WCBE 2022 will be held in Marseille, France, the capital of Provence, one of the most beautiful and attractive cities bordering the Mediterranean Sea.

Meeting venue:

PALAIS DU PHARO
(Pharo Palace)
58, Boulevard Charles Livon
13007 Marseille
France

Expected audience

We expect around 1 000 physicians, researchers, residents, students, nurses and other international specialists interested in the topics covered by the Congress.

Venue & dates

The congress will be set at the Palais du Pharo Conference Center from Thursday, October 6 at 17:00 to Sunday, October 9, 2022 at 13:00.

The congress will be either face-to-face in Marseille, France, AND also digital.

WCBIP-WCBE 2022 strengths

- An international meeting bringing together the majority of international experts in interventional pulmonology, bronchology, lung airway and pleural disorders
- A recognized local, national and international scientific committee
- An innovative program addressing advances in technologies, education, and research in the field of lung airway and pleural disorders through numerous didactic lectures, interactive sessions, and expert panel discussions
- Internationally recognized local team expertise on the organization of meetings, and on the main areas developed in this meeting

In conclusion, the 22nd WCBIP/WCBE is the unique possibility to bring together over 4 days all international experts involved in interventional pulmonology, laryngology, pleural diseases, tracheobronchology, thoracic surgery, esophagology to improve knowledge about these diseases, improve the overall management of the patient, and develop innovative collaborative research projects.

ABOUT WABIP & IBES...

The World Association for Bronchology and Interventional Pulmonology (WABIP) is a non-profit organization officially registered in Tokyo, Japan. The mission of this international organization is to connect a growing network of specialized medical doctors, health care professionals and industry/technology experts devoted to the art and science of airway, lung and esophageal diseases.

The goal of the WABIP is to strengthen global ties between regional and national societies or groups from around the world in order to enhance patient care, research, and education in bronchology and related fields. The organization also strives to collaborate with other leading pulmonary, thoracic, otorhinolaryngologic, and oncologic societies while expanding its membership community.

The WABIP is committed to the use of new technologies to improve physician performance and communication so that patients may more rapidly benefit from the increasing number of medical and surgical procedures available for the diagnosis and treatment of airway, lung, esophageal and pleural diseases.

The WABIP welcomes individuals and groups to experience the benefits of membership and collegiality found by working with common purpose to diagnose, treat, prevent and ultimately eradicate diseases of the airway, lung, pleura and esophagus.

MISSION

The mission of the WABIP is to connect a growing network of specialized medical doctors, health care professionals and industry/technology experts devoted to the art and science of airway, pleura, lung and esophageal diseases.

GOALS

The goal of the WABIP is to strengthen global ties between regional and national societies or groups from around the world in order to enhance patient care, research, and education in bronchology and related fields.

CONGRESS

The WABIP holds a biennial congress known as the World Congress for Bronchology and Interventional Pulmonology (WCBIP), with host sites rotating among the Asia-Pacific region, the Americas, and Europe.

Attendees participate in world-class scientific programs including discussions about disease states, new techniques and technologies, education sessions and procedure-related workshops.

<https://www.wabip.com>

The International Broncho-Esophagological Society (IBES) is a multidisciplinary organization originally founded by Chevalier L. Jackson, MD, in 1951. The organization boasts a membership of varying medical specialties from over 30 different countries.

This Broncho-Esophagological Association is focused on bringing together multiple specialties from the international arena. Advances in airway surgery, laryngology, and bronchology as well as thoracic and esophageal specialties are shared in our biennial meeting.

The International Broncho-Esophagological Society holds a World Congress in conjunction with the World Association for Bronchology, every two years, fostering education and advances in laryngology, bronchoscopy, upper gastrointestinal endoscopy, diagnostic techniques, and endoscopic therapy.

MedTech Europe – Code of Ethical Business Practice

The MedTech Europe Code of Ethical Business Practice which came into force on 1 January 2017 regulates all aspects of the MedTech industry's relationships with Healthcare Professionals (HCPs) and Healthcare Organisations (HCOs).

One important change introduced by the Code which became applicable on 1 January 2018 is the discontinuation of direct sponsorship of HCPs. As of that date, independent medical education can be supported exclusively by means of Educational Grants. Such Educational Grants can be provided to Healthcare Organisations (HCOs) or to Professional Congress Organisers (PCOs).

The Congress will be submitted to CVS which is an independently managed system which reviews the compliance of third-party educational events with MedTech Europe Code of Ethical Business Practice and Mecomed Code of Business Practice (the "Codes") to determine the appropriateness for companies which are members of MedTech Europe and Mecomed to provide financial support to the Congress in the form of educational grants or commercial activities (booths, advertising, satellite symposium).

We will be available to help you with the needed procedure:

- **Invitation of healthcare professionals through educational grants,**
- **CVS accreditation of the Congress.**

SPONSORSHIP PACKAGES

Three sponsorship packages are available

First come - first served basis

Platinum sponsor	€ 39 000	(no VAT)
Gold sponsor	€ 29 500	(no VAT)
Silver sponsor	€ 20 000	(no VAT)

CONTACT US FOR ACCOMMODATION

wcbip-wcbe-2022@aoscongres.com

Feel free to contact us, should you need accommodation for your group.

We will send you accommodation proposals around the Conference venue and around the Old Harbour at walking distance from the Conference venue.

GENERAL TERMS OF SALES

Subscription

To become a Sponsor or to book a booth, you must return your reservation form along with a 50% pre-payment to the General Secretariat of the Congress. Balance payment will be due before May 31st, 2022, at the latest. No verbal booking will be accepted.

The booking and settlement of the pre-payment are considered a firm commitment and place the subscriber under obligation to accept the general and specific conditions of the sponsorship Contract Agreement and of the Technical Manual for the Exhibitor which will be sent to all companies that have booked an exhibition booth.

Further, non-payment of the balance payment before May 31st, 2022 will constitute grounds for immediate cancellation, by law, of the right to take up the reserved booking(s) without reimbursement of the pre-payment.

Position and exhibition map

Booths will be allocated chronologically, as bookings are received, and according to the type of sponsorship selected. After allocation, no change can be accepted without the organizer's written approval.

IMPORTANT: The exhibition map will be sent after the registration form and 50% pre-payment are received. The exhibition map has no contractual binding and is subject to City Council's approval. We reserve the right to modify both size and arrangement of the exhibitor's booked area according to the City Council.

Arrangement of exhibits

The space provided will be shown on the floor plan insofar as possible, but Management reserves the right to make changes at any time to the location, size and display limits of a booth if it is in the best interest of the show, if it is requested by the Security Commission, or in case of excess of the Exhibit Site load limits (contact Management for additional information).

Exhibit floor weight-bearing capacity is 500 kg/m². Exhibitors may not place objects weighing more than 500 kg/m² in their booth. This is an absolute limit and no exceptions will be made. Violations will not be permitted. Any damage caused by excess weight or by the setting-up, installation, use, exhibiting or removal of any objects exceeding this weight will be repaired at the exhibitor's expense.

Exhibitors agree to arrange their exhibits so as not to obstruct the general view nor hide other exhibits. A maximum back wall height on linear booths is restricted to 2.5 m, with a 2 m height restriction imposed on all materials in the remaining space forward to the aisle. No partitions other than the side rails provided by Management are allowed unless specifically approved in advance. The entire cubic content of an island booth may be used up to the maximum height of 2 m, including signage. Exhibitors may not project beyond the space allotted and aisles must be kept clear of traffic.

Exhibitors are not permitted to use power tools (electric drills, power saws, etc.) on booths of any size. Manual tools such as hammers, screwdrivers, ratchets, pry bars, etc. are allowable for exhibitor use within size and time limitations. Exhibitors may not borrow tools, ladders or other equipment from the exhibit facility and/or Palais du Pharo.

Palais du Pharo is responsible for maintaining in and out traffic schedules at the exhibit site. Local exhibitors should clear all movements of exhibit materials through the decorator as they will have priority at the unloading area at all times. Exhibitors may also handle their own freight provided the material can be hand carried to and from the booth via accepted freight entrances, or if transport of large items can be done using two wheeled hand trucks or four-wheeled mover-type dollies provided by the exhibitor.

Electrical installation is exclusively managed by Palais du Pharo and must conform to regulations and to all national, state and local codes. Information and order forms will be included in the exhibit service kit provided by the Management.

Use and purpose of exhibit space

No exhibitor may sublet, assign or apportion any part of the assigned space, or represent, advertise or distribute literature for the product of service of any other firm or individual except as approved in writing by Management.

Restrictions

The exhibit is scientific and educational; over-the-counter sales during the show are prohibited.

Management may prohibit distribution of souvenirs, advertising matter or anything else it considers objectionable. Distribution elsewhere than within an exhibitor's booth is forbidden. No materials may be posted, nailed or otherwise affixed to walls, doors or other surfaces in a way that might deface the premises or booth equipment and furniture. Any damage is payable by the exhibitor.

Management reserves the right to restrict, prohibit or eject any exhibit, in whole or in part, which because of noise, safety hazards or for other prudent reasons is deemed objectionable, if an exhibit or exhibitor is ejected for violation of these rules and regulations, no return of rental shall be made. Exhibitor agrees not to sponsor group functions that conflict with any official Conference program, except as approved by Management. Please check the Conference website for information regarding ancillary meetings, hospitality suites, receptions, etc.

Decoration of exhibits

An exhibit service kit will be provided prior to the Congress and exhibition which will include information on labor, drayage, furniture, lighting, telephones and electricity. It is the responsibility of the exhibitor to abide by the regulations and deadlines contained therein. All shipments to the Exhibit Site should be marked with the

exhibitor's name, booth number, company name, address, phone number and Show name. A complete shipping address will be provided within the exhibit service kit.

Material handling

One individual from each exhibiting company is permitted one trip to hand-carry items into the exhibit facility. The exhibitor use of dollies, hotel baggage carts, flat trucks and other mechanical equipment, is *not* permitted. Palais du Pharo will control access to the trade show floor which includes access from the loading docks and/or all doorways into an exhibit facility. This will help to provide a safe and orderly move-in/move-out. Unloading or reloading of any freight into the exhibit hall by any and all private vehicles and contracted carriers will be handled by Palais du Pharo. Rates for material handling services are enclosed in this exhibitor service manual.

Palais du Pharo shall be the sole authority on all matters in the DOCK area. This shall include but not be limited to such items as assignment of dock space and loading or unloading of all materials and equipment.

Any conflicts or disagreements regarding the union jurisdictions or interpretations thereof should be resolved with representatives of Freeman and Show Management.

Special requests

Helium, Nitrogen, Oxygen and Nitrous Oxide tanks are not allowed on the event floor. Any special requests should be directed to the WCBIP-WCBE 2022 Congress management **PRIOR** to submitting the exhibit application & Contract Agreement and full payment. Special requests could be, but are not limited to, needs for cooling water and drains, electrical requirements. If your request can be accommodated and is approved, you will receive confirmation from WCBIP-WCBE 2022 Congress management by email. Please complete the Special Needs section on the Exhibit Application & Contract Agreement and attach the confirmation received.

Cancellation conditions

Any booth, Congress or other sponsorship cancellations must be made in writing to the General Secretariat of the Congress. Cancellations will be subject to the following conditions:

Until May 31st, 2022: 50% of the total amount owed is not refundable.

After May 31st, 2022: No reimbursement of payments will be made.

Force Majeure

In case of Force Majeure, the Congress and exhibition dates can be subject to change, or may even be cancelled. In the latter eventuality, funds available after payment of incurred expenses shall be distributed between the exhibitors, in proportion to their payments, without the possibility of any recourse against the organisers or director.

Insurance

The undersigned waives all recourse against the organizers and the proprietors of the premises and undertakes to take out the necessary insurance policies to cover risks arising from materials (theft, damage, etc.) and civil liability covering the signatory's permanent or temporary personnel attending the Congress. In no case will the exhibitor be covered by the Congress organization's insurance policies.

Miscellaneous booking and rental of advertising space

Advertisers are asked to check that their advertising complies with French legislation regarding advertising of pharmaceutical products and medical hardware. The organizer will not at any grounds whatsoever be able to entertain any complaints lodged after termination of the event.

The organizer reserves the right not to sell a sponsorship to any firm, company or organization whose activities do not relate directly to the general topic of the event or do not comply with the strict standards imposed by the organization committee. Applications should be sent to the organization committee, which will make the final decision regarding all applications.

The exhibitor or sponsor undertakes not to organize any satellite event whatsoever throughout the duration of the WCBIP-WCBE 2022 Congress in the Marseille region without having previously obtained the organizer's written approval. Furthermore the Conference exhibitor or sponsor may only distribute advertising on its own stand at the exhibition or in a room it has booked. Anyone infringing the above rules hereby undertakes to pay compensation to the Conference organizers.

Exhibitor's technical manual

An exhibitor Technical Manual will be sent to exhibitors who has booked and paid for their exhibition booths. This manual will contain all of the information related to the general conditions, rules of safety, assembly and disassembly of booth, deliveries, details of the official Congress-service providers and forms for the booking of their services.

Rule changes

Management reserves the right to modify or supplement these rules as it deems appropriate to the operation of the exhibit. An exhibitor, its employees or agents shall, at the option of Management, constitute cause for Management to terminate this Agreement and expel exhibitor from the exhibit; exhibitor shall forfeit all fees paid to Management in such a case.

Payment of invoices

Settlement of payment may be made by check, by bank wire transfer or credit card to AOS.

CONTACT INFORMATION

CONGRESS LOGISTIC SECRETARIAT

The company **AOS** has been appointed to provide the logistical organization of the Exhibition and Sponsorships. All correspondence should therefore be sent to:

AOS – Atout Organisation Science
